

# FLORIDA SEVERE WEATHER AWARENESS WEEK JANUARY 31 - FEBRUARY 4, 2011

During Severe Weather Awareness Week, Floridians and visitors are encouraged to learn about the various weather hazards that frequently impact the state.

Everyone should prepare for these potential events by practicing proper safety precautions and building an emergency supply kit.

To learn more about Florida's different severe weather hazards, visit [www.Floridadisaster.org](http://www.Floridadisaster.org).
